

June 27, 2015 Daily Report

(Presenting June 26 Progress and Plans Forward)

Refugio Incident

This daily report addresses elements listed in the *Order for Removal, Mitigation or Prevention of a Substantial Threat of Oil Discharge*. The elements include descriptions of 1) anticipated problems and planned resolutions, 2) significant developments, 3) work performed, 4) treatment and disposal information, 5) analytical data received, and 6) schedule of work. The following attachments contain detailed information pertaining to each listed element:

- **Summary of Anticipated Problems and Resolutions** (June 27)
 - Anticipated problems and planned resolutions

- **Daily Progress Report (in lieu of Executive Summary)** (describing prior day, June 26)
 - Significant Developments
 - Work Performed
 - Disposal Information

- **CTEH Summary of Environmental Sampling Efforts** (June 26)
 - Analytical Data Received to Date

- **Incident Action Plan** (Effective June 26 06:00 – July 10 05:59)
 - Schedule of Work to be Performed (Form 204)

Summary of Anticipated Problems and Resolutions

Refugio Incident

June 27, 2015

Anticipated Problems	Planned Resolutions
<input type="checkbox"/> Limited beach access due to tide level.	<input type="checkbox"/> Working on inefficiencies such as bathroom access on the beach, starting crews earlier and staggering crews.
<input type="checkbox"/> Limited beach access due to tide level.	<input type="checkbox"/> Continue with scheduling flexibility to allow work crews to adjust work location based on beach accessibility. <input type="checkbox"/> Continue implementing the movement of cobble with buckets so it can be scraped while in high tide.
<input type="checkbox"/> Cleanup on some areas of the beach will be limited due to safety concerns.	<input type="checkbox"/> Evaluate the use of additional safety precautions in areas of concern, engineering controls, additional PPE, etc. <input type="checkbox"/> Test new approved cleaning methods to reduce amount of time in the beach areas. New methods are dry ice blasting and cleaning by means of drill with wire wheel.

Incident Command Post Santa Barbara
Refugio Oil Spill
Unified In All Missions
June 26, 2015
Response Day 39

Daily Progress Report

The ICP is currently overseeing operations in Santa Barbara County. Active field operations are ongoing in Divisions I, J, and K encompassing 13.92 miles of shoreline.

Environmental

- Shoreline Cleanup Assessment Techniques (SCAT) Phase II end points have been achieved for 94% of the overall impacted shoreline. The remaining 6% is confined to Divisions I, J, and K. The attached graphic depicts detailed data about progress within those Divisions.

Shoreline Oiling Categories (miles and %) for Sections I, J, and K - Refugio Incident: 13.92 Miles											
Most Recent Survey Date	Heavy		Moderate		Light		Met Clean Up		Met Clean Up with Monitoring		Project Completion
6/26/2015	0.54	3.9%	0.70	5.0%	4.70	33.8%	5.64	40.5%	2.34	16.8%	57.3%

*Variance in totals are due to rounding

- Waste Management data

Waste Management (as of 26 June 2015)		
Material	Estimated Daily Total Removed (cubic yards)	Estimated Cumulative Total Removed (cubic yards)
Oiled Sand	0	1005
Oiled Vegetation	0	825
Oiled Debris/PPE	15	1155
Oiled Soil	468	6084
Culvert Soil	10	1790
Absorbent	45	330

Operations

- Command Objectives achieved: NSTR
- Severe weather conditions that may impact operations: NSTR
- Deviation of strategies or tactics from approved Incident Action Plan: NSTR
- Major equipment failures that impact operations: NSTR
- Change to or need for additional road closures: NSTR
- Cultural / historical impacts and/or concerns: NSTR
- Wildlife

Current as of:	TOTAL Birds			Birds Released	TOTAL Mammals		
25 June	Live	Dead	Total	Total	Live	Dead	Totals
Cumulative Total	57	195	252	26	62	106	168

NOTE- Wildlife Branch field recovery operations and Command Post presence have been demobilized. Care for oiled wildlife continues off-site with oversight by the Wildlife Branch Director also working remotely. Wildlife numbers will be updated in the future only to add to numbers of animals released, or if corrections to previous numbers are required based on continuing review of records.

Safety

- Work site accidents / mishaps resulting in property damage or injuries to responders beyond First Aid: NSTR

Liaison

- Any VIP visits or political interests and concerns: NSTR
- Reports of negative stakeholder interests: NSTR
- Cultural / historical impacts and/or concerns: NSTR

Public Information

- Publication of inaccurate or unfavorable media stories:
 - Media event held yesterday for re-opening of El Capitan received very positive feedback.

Logistics

- Change in status for any Refugio Incident facilities: NSTR

Personnel Involved

- 516 workers are engaged in Field Operations.
- 243 personnel are assigned to the ICP and Field Support.
- 759 total personnel are assigned to the response.

1. Incident Name Refugio incident		2. Operational Period (Date / Time) From: 26Jun15/0600 To: 10Jul15/0600 Time of Report: 26Jun/1600		INCIDENT STATUS SUMMARY ICS 209-CG	
3. Type of Incident

<input type="checkbox"/>	Planned Event	<input type="checkbox"/>	Maritime HLS/Prevention	<input type="checkbox"/>	
4. Situation Summary as of Time of Report: Response Day #39, IAP #20 SCAT Phase II end points have been achieved for 94% of the impacted shoreline. There are 516 personnel conducting field operations, and 243 personnel in the ICP/Field Support. The following cumulative totals have been reported removed by waste management; 1005 cubic yards of oiled sand, 825 cubic yards of oiled vegetation, 1155 cubic yards of oiled debris/ PPE, 6084 cubic yards of oiled soil, 1790 cubic yards of culvert soil, and 330 cubic yards of absorbent material. An estimated 378 bbls of product was pumped from the pipeline prior to the repair. All boom has been secured. Wildlife reports (to date) 57 fowl captured, 195 fowl dead, 62 mammals captured, 106 mammals dead and 26 birds released.					
5. Future Outlook/Goals/Needs/Issues: -Ensure the safety of response personnel and the public -Continue excavation and disposal of contaminated soils -Continue clean up in accordance with shoreline treatment recommendations to meet Phase II end points -Keep public and stakeholders informed -Minimize economic impacts -Monitor care and release of oiled wildlife -Implement decontamination and demobilization of response resources

Refugio Incident
Summary of CTEH® Environmental Sampling Efforts
June 26, 2015

As part of response efforts, CTEH® began collecting product and environmental samples, i.e., water and/or sediment, on May 20, 2015. This environmental sampling has been conducted under a Unified Command-approved sampling plan. This report contains environmental sampling efforts completed to date by CTEH® in support of Refugio Incident response efforts. **Table 1**, below, provides a sample count for each type of environmental media collected by CTEH®. **Table 2** provides a summary of TPH¹ data reported in water samples to date. Maps of environmental sampling locations are provided as attachments.

Table 1: Environmental Preliminary Sample Summary
05/20/2015– 06/25/2015

Media	Matrix	Sample Count
Water	Surface Water	250
	Water Column	54
	Culvert/Flush Water	9
Sediment	Beach Sediment ²	43
	Ocean Sediment ³	15
Soil	Potential Backfill Soil/Sand	23
	Section Four Soil	49
	Trench Excavation/Section One Soil	53
	Section Two/Three Soil	8
	Background Soil	20
Petroleum	Product/Tar Ball Sample	36
	Sheen/Seep	14

² Beach sediment samples are collected from both the intertidal zone and on dry sand above the intertidal zone.

³ Ocean sediment samples were collected at the same location as the water column samples.

¹ For the purposes of this report, TPH represents a summation of TPH-Oil Range Organics (ORO), TPH-Diesel Range Organics (DRO), and TPH-Gasoline Range Organics (GRO).

Table 2: TPH¹ Preliminary Data Summary⁴
05/20/2015– 06/25/2015

	Location	Highest Detection		Most Recent TPH Result Received	
		Date	TPH (mg/L)	Date	TPH (mg/L)

7. Work Assignments					
Prevent unauthorized persons from entering or remaining in the spill area, staging areas, and the ICP. Contact and identify all persons not readily identifiable. Escort any unauthorized person from the area.					
Land units- Contact any unidentified vehicle parked in the area with emphasis on highway 101 where access to the beach can be made. Remove all unauthorized persons and vehicles. Do not loiter on or around the railway.					
Water units- Monitor fishery closure and prevent unauthorized fishing.					
8. Special Instructions					
Identify any persons or vessels that may need decontamination. Personnel are reminded to stay hydrated and work rest regimen as necessary.					
Instructions for Dead Wildlife and Natural Resource Protection.					
Any LIVE oiled wildlife (birds, mammals, or sea turtles) observed or incidentally collected in clean up operations should be immediately called in to the Wildlife Hotline at 877-823-6926.					
Any DEAD oiled birds, mammals, or sea turtles observed as part of cleanup operations should be called in to the team's supervisor. Supervisors can instruct the team in separating the oiled animal from the regular waste stream and (ideally) collecting it in a separate plastic bag, labeled with division/assignment area, and called into the Wildlife Hotline at 877-823-6926 for Recovery personnel to arrange pick up.					
For all other DEAD oiled wildlife (marine organisms) discontinue segregating these - they will not be picked up. Dispose with the rest of the oiled material being removed.					
Unknown source oil impacts should be reported to Lourdes Mahoney at 813-391-4657 (lmahony@cteh.com)					
On Water: Avoid entering kelp beds as much as possible. Avoid boat traffic traveling near or through flocks of seabirds resting on water, stay 1000 ft away from nesting seabirds. If sea otter is observed keep clear and call Mike Harris immediately. 831-212-7090					
SAFETY MESSAGE					
All response personnel are to be cautious of moving vehicles at all times and look in all directions before proceeding. Response personnel should be aware that all railroad tracks are in active use and should show extreme caution when operating in vicinity of tracks.					
HISTORICAL/CULTURAL GUIDELINES					
<ul style="list-style-type: none"> Leave cultural materials in place at the site of discovery, and mark its location.

ASSIGNMENT LIST		06/25/2015 19:01		ICS 204 (Rev.10/07)	

See 204a for UC Clarification on working near cliffs - dtd 16 June.

ATV's not allowed in exclusion zones at El Capitan and Refugio.

All light towers are to be facing away from the sand beach until otherwise instructed by Unified Command.

Instructions for Dead Wildlife and Natural Resource Protection.

Any oiled wildlife (birds, mammals, or sea turtles) observed or incidentally collected in cleanup operations should be called in to the Wildlife Hotline at 877-823-6926.

Unknown source oil impacts should be reported to Lourdes Mahoney at 813-391-4657 (lmahony@cteh.com)

SAFETY MESSAGE

All personnel are reminded to keep hydrated and take rest breaks at a 50/10 work/rest ratio.

PPE: Hard hats, Tyvek suits, gloves, safety glass, neoprene boots. Avoid walking near waterways.

PFD's must be worn if the potential for drowning exists.

All response personnel are to be cautious of moving vehicles at all times and look in all directions before proceeding. Response personnel should be aware that all railroad tracks are in active use and should show extreme caution when operating in vicinity of tracks.

Report All Injuries require a immediate notification to Direct Supervisor.

Dry ice blasting Safety

Must utilize the following PPE: Tyvek Suit with Hood, appropriate gloves, full-face respirator, steel-toed boots and ensure no skin is exposed. Ensure the operator of the gun has visual sight of the operator tending the machines or have someone in between to allow for work stop work when needed.

HISTORICAL/CULTURAL GUIDELINES

Leave cultural materials in place at the site of discovery, and mark its location.

Stop clean-up work in the vicinity surrounding the site, within a 6ft radius.

Immediately inform the field supervisor, who in turn, should immediately inform the FOSC and/or an appropriately designated cultural resource specialist. Obtain/provide location on map by indicating latitude/longitude.

In the event a scheduled meal is not made available to your crew, report this immediately to your Branch Director and the Logistics Section Chief

No work in estuary or creek habitats without biological monitor and approval from EUL.

2015-06-25 Stakeholder Engagement Plan

Liaison Officer (LOFR): For Operational Period 20, 26 Jun - 10 July 2015, Refugio Incident Liaison Officers will provide remote support. LOFR duties will be the responsibility of CA Dept of Fish & Wildlife, Office of Spill Prevention and Response (OSPR). OSPR Liaisons are on a rotating schedule:

Duty Period	Name	Office	Mobile	E-mail
6/23 - 6/29	Mr. Mike Zamora	916-322-1929	none	Michael.Zamora@wildlife.ca.gov
6/30 - 7/06	Mr. Joe Stewart	916-324-0907	916-205-8661	joe.stewart@wildlife.ca.gov
7/07 - 7/13	Ms. Cindy Murphy	916-324-6250	916-616-4515	cindy.murphy@wildlife.ca.gov
7/14 - 7/20	Mr. Steve Snavely	916-327-2297	none	Stephen.Snavely@wildlife.ca.gov

Mr. Joe Stewart is the primary POC for OSPR Liaison issues, Ms. Cindy Murphy is secondary. An additional POC is Mr. Chris Klumpp, 916-322-1195 (w), 916-591-0768 (c), Christopher.Klumpp@wildlife.ca.gov.

Coast Guard District Eleven External Affairs staff will support OSPR liaisons, as necessary. POC is LCDR Collin Bronson, 510-437-3423 (w), 510-219-1322 (c), collin.r.bronson@uscg.mil.

Unified Command Meetings: The LOFR will participate via phone in the Unified Command meeting, currently scheduled for weekdays at 1000.

Critical Information: The LOFR will be guided by the ICS-202b, Critical Information Requests. Any relevant information that is brought to the attention of the LOFR covered under the ICS-202b must be relayed to the Unified Command. Items in bold are the primary responsibility of the LOFR:

- Work site accidents / mishaps resulting property damage or injuries to responders beyond first aid.
- Major equipment failures that impact operations.
- **Any VIP visits or political interest and concerns.**
- Command Objectives achieved.
- Deviation of strategies or tactics from approved Incident Action Plan.
- Severe weather condition which could impact Operations.
- Publication of inaccurate or unfavorable media stories.
- **Reports of negative stakeholder interests.**
- **Cultural/historical impacts and/or concerns.**
- Reports of negative social media trends or observations.
- Change in status for any Refugio Incident facilities.
- Change to or need for additional road closures.

Daily Situation E-mail: Refugio Incident Situation Unit will send the daily situation e-mail to OSPRLiaison@wildlife.ca.gov and the on-duty LOFR will leverage it for daily stakeholder updates. Enclosure 1 is the Liaison Contact List as of 25 Jun 2015.

Reporting Suspected Oil or Hazardous Material: All reports of suspected oil sightings must be reported to the National Response Center (NRC) at 1-800-424-8802 or ncr@uscg.mil. The NRC is the sole Federal point of contact for reporting hazardous substances and oil spills.

2015-06-25 Stakeholder Engagement Plan

Research Requests: The following process is in effect to receive, vet, approve, and facilitate independent research requests:

1. Interested parties will be directed to fill out the research request questionnaire at <http://www.refugioresponse.com/go/survey/7258/24454>.
2. The PIER website administrator forwards submitted questionnaires to Mr. Wade Bryant at wade.bryant@c-ka.com. He will review applications and make approve/disapprove recommendations to the Unified Command.
3. For any research that will take place on state parks land, apply for a scientific research and collecting permit. http://www.parks.ca.gov/?page_id=21557.
4. If approved, Planning Section will develop an ICS-204 to ensure all research activities are fully vetted for safety and operational concerns.

Cultural, Archaeological, Historical Issues: OSPR will continue to have a cultural liaison embedded in the Operations Section of the Response. Additionally, archeology issues can be directed to refugio@appliedearthworks.com.

LOFR Transition Announcement: The following e-mail will be sent to all stakeholders listed in Enclosure 1 on the morning of Friday, June 26, 2015.

Good morning, Stakeholders,

The Refugio Response is entering a phase that requires less operational planning and fewer people working in the Incident Command Post (ICP). Field operations are continuing to effectively and safely complete cleanup goals for the remaining beach and bluff areas, and those resource numbers will remain significant, but personnel working in the ICP will be reduced. As such, Liaisons supporting the Refugio Incident are returning to their respective agencies. Stakeholder concerns will continue to be worked by the liaison network, albeit remotely.

The California Department of Fish & Wildlife Office of Spill Prevention and Response (OSPR) will provide Liaison Officers (LOFR) to the continued response. OSPR LOFRs will be on a rotating schedule. The on duty LOFR can be reached via e-mail at OSPRLiaison@wildlife.ca.gov or:

6/23 - 6/29, Mr. Mike Zamora, 916-322-1929

6/30 - 7/6, Mr. Joe Stewart, 916-324-0907

7/7 - 7/13, Ms. Cindy Murphy, 916-324-6250

7/14 - 7/20, Mr. Steve Snavely, 916-327-2297

Additional information:

Current Status of Response: *The Refugio Response website (www.refugioresponse.com) remains the best source for current information related to the incident.*

Daily Situation E-mail: *If you wish to receive daily situation overviews via e-mail (and are not already), send an e-mail with your name, title, agency/organization/business, phone number, and email address to OSPRLiaison@wildlife.ca.gov.*

Register for Cal Spill Watch: *The Cal Spill watch website is an excellent resource to stay informed about this, and other, incidents. To access the Cal Spill Watch page, create an account by visiting*

2015-06-25 Stakeholder Engagement Plan

<https://nrm.dfg.ca.gov/myaccount/register.aspx>. Fill out a simple form and click "create". You will be sent an Account Activation email, open the email and click on the link to activate your account.

Reporting Suspected Oil or Hazardous Material: The Unified Command requests that you direct all reports of suspected oil sightings to the National Response Center (NRC) at 1-800-424-8802 or nrc@uscg.mil. The NRC is the sole Federal point of contact for reporting hazardous substances and oil spills. The mandated reporting process needs to be used to ensure that all appropriate agencies are notified, not just the Refugio ICP.

Research Requests: Parties interested in conducting independent research in areas where response operations are ongoing will need to:

1. Fill out a Refugio Response research request:
<http://www.refugioresponse.com/ga/survey/7258/24454>.
2. For any research that may take place on state parks land, apply for a scientific research and collecting permit: http://www.parks.ca.gov/?page_id=21557.

I am returning to my duties at Coast Guard District Eleven. Please feel free to reach out to me should the need arise and thank you for your hospitality.

Best regards,

Greg Reilly
Lieutenant Commander, U.S. Coast Guard
Refugio Incident Liaison Officer (LOFR)
510.289.7775 / gregory.w.reilly@uscg.mil
